

you like ark's. I could not  
make out the man's name you  
went fishing with. but I know  
you had a good time & wish I  
could have been there to have  
went Fishing, with my  
sweet heart.

I am very sorry you have a  
jealous friend. but it is better  
there than here.

Well I told you I was going to  
leave here but can't tell now I  
have work in view if I get will  
not leave just now. but do not  
think I will not come for I am  
sure coming if I do not get sick  
nor ~~nothing~~ happens to upset me
